GOVERDHAN: Uttar Pradesh chief minister Akhilesh Yadav on Wednesday announced that a new administrative body, Braj Heritage Development Board would be constituted soon to accelerate the process of conservation of holy sites. He was in town to inaugurate the renovated Rudra Kund.

Yadav said the proposed Braj Heritage Development Board would give a directional push and ensure development. Drains and sewer lines would be constructed in Goverdhan along with getting more water through the Agra Canal.

Goverdhan, which is about to become an independent tehsil will also have a bypass road.

Yadav said pilgrims from all over the country and world come to Braj, which once developed would send out a positive image about the state and the country. "Our government has therefore focused on infrastructural projects for the development of Braj. We still have two years, so whatever people think is needed can be discussed and taken up as a project. We will do our bit, but the locals too have to come forward in maintaining and supporting the programmes."

Later in Mathura, Yadav green flagged the radio taxi project for Agra and Mathura which was pending for the past one year. A fleet of ten Indigo cars fitted with GPS systems was flagged off at the state museum in Dampier Nagar on Wednesday afternoon.

All the cabs have drivers' photos, license numbers, address on the dashboards. To ensure safety for women, the cars have been fitted with GPS systems. All cabs are connected to the call centre all day, and the control room will keep a track of all the cabs.
